Water abstraction monthly return

Send us your return by **30 March 2019**.

You must complete an abstraction return form even if you have not abstracted any water (nil return).

If your licence has expired or been revoked (cancelled) complete the return up to the end date of the licence.

Two-part tariff agreement holders may want to send the form back to us by recorded delivery.

Before sending it make sure you have:

- filled in all the relevant sections
- ticked the 'nil return' box if no water has been abstracted
- signed the declaration

If you are required to carry out monitoring as a condition of you abstracting water you need to continue sending this information to your local area office.

Return the completed form to:

Waste and Industry Regulatory Services
Environment Agency
Quadrant 2, 99 Parkway Avenue
Sheffield, S9 4WF

Licence number

1/10/01/0101/G/DS
